The Sõrve Sosin

Despite the weather we put on an amazing week, once again. Thanks to everyone who made it happen, and everyone who came to enjoy it. Drive home safely, and sleep well tonight. There's only 356 sleeps to go.

2025

AC/DC

This year we say goodbye to six fantastic elanikud; Pivli, Ingrid, Maali, Elvis, Oskaar and Caleb – we'll see you next year, in a slightly lighter blue coloured shirt.

Caleb was an award winner last year at camp, and here are some quotes from his mother and sister:

He always talks about how he won the boat 2 years in a row. The best part of having an older brother is that he can drive me around when mum and dad cant. We used to argue a lot but now we get along and I actually like him. – Emily (sister)

Caleb makes us laugh, he loves life! When he was little he used to climb the fence and go to have morning tea with the neighbours, they always had biscuits. He is cool under pressure, and is always, always kind. – Edda (mum)
